

INDUSTRIAL APPLICATIONS OF ENTERPRISE-RELATED METHODS, MODELS AND SERVICES

Special Session

International Federation of Automatic Control (IFAC)
Conference on Manufacturing Modelling, Management, and Control (MIM '2013)
<http://mim2013.org>

St.Petersburg, Russian Federation

June 19 - 21, 2013

Academic Chair/Invited Speaker: Prof. Dr. Joerg Becker, Professor h.c. (Higher School of Economics, Moscow), Academic Director of ERCIS, Pro-Rector of University of Muenster, Germany

Industry Chair: Dr. Uwe Kubach, Vice-President, SAP Research, Germany

Co-Chairs:

Dr. Dr. Victor Taratoukhine, ERCIS University of Muenster, Germany and
ERCIS Lab Moscow, Higher School of Economics, Russia
Prof. Dr. Axel Winkelmann, University of Wuerzburg, Germany
Prof. Dr. Ashutosh Tiwari, Cranfield University, UK

Supporting Co-Chairs:

Dr. Ip-Shing Fan, Cranfield University, UK
Prof. Dr. Sergey Gavryushin, Bauman Moscow State Technical University, Russia
Dr. Valery Tarasov, Bauman Moscow State Technical University, Russia
Dr. Lev Vilkov, Prof. Becker GmbH, Germany
Martin Matzner, ERCIS, University of Muenster, Germany
Yuri Kupriyanov, SAP University Alliances, Russia (Student Consortium organizer)

Topics:

- Enterprise resource planning (ERP) systems.
- Industrial and manufacturing applications of ERP systems
- Business Process Management in Industry
- Enterprise architecture and process integration for real-life applications
- Process driven ERP systems
- Beyond ERP, Enterprise-related software and services
- Industrial applications of emerging technologies, such as mobile applications, cloud computing, and in-memory
- Integration of ERP, design and manufacturing. Future of manufacturing integration. Intelligent CAD/CAM/PLM systems in Industry
- Lifelong system design and maintenance

Special submission deadline (please use conference site: <http://mim2013.org>): 20 December 2012
